Schoewe, W. H. Origin and history of the extinct Lake Calvin, Iowa. 1920.

III. ALUMNI AND STUDENT PUBLICATIONS

The Iowa Alumnus, published by the University of Iowa association, Iowa City. $2.00 per year, 25 cents per copy. Monthly from October to June, volume 16-18, 1917-20.

The Daily Iowan, a daily newspaper published by the students of the University of Iowa, Iowa City, volume 17-19, 1917-1920. $3.00 per year.

Frivol, published seven times a year by students of the University of Iowa, under the leadership of Sigma Delta Chi, Iowa City, volume 1, 1919-20.

The Hawkeye, published by the junior class at the University of Iowa, volume 28-30, 1918-20.

The Transit, edited by the Associated students of applied science, volume 22-24, 1918-20.

The student's handbook, published and presented by the University Christian associations, volume 29-31, 1918-20.

Annual intercollegiate debate of the University, published by the Forensic league, volume 11-12, 1918-20.

1917 Compulsory arbitration of industrial disputes.

1918 No debate held on account of S. A. T. C.

1919 Cummins plan for control of railroads.

IV. PUBLICATIONS OF THE OFFICERS OF THE UNIVERSITY

ALBERT, HENRY

———and Taylor, Margaret. The resistance of streptococci to germicidal agents. *American medical association; section on pathology and physiology, Transactions,* 1918:87-98.

Laboratory diagnosis of atypical communicable diseases. *Iowa State medical society, Journal,* 8:1-4, January 1918.

Diseases caused by animal parasites (considered from the standpoint of the present great war). *International association of medical museums; American and Canadian section, Special war bulletin,* 7:261-275, May 1918.

Service of state public health laboratories in time of war. *American journal of public health,* 8:349-357, May 1918.

———and Kelman, S. R. The pathogenicity of bacillus influenzæ for laboratory animals. *Journal of infectious diseases,* 25:433-444, December 1919.

New stain for diphtheria bacilli. *American medical association, Journal,* 74:28, January 1920.

Bacteriology and pathology of influenza. *Iowa state medical society, Journal,* 10:1-12, February 1920

Diphtheria bacillus stains with description of a "new" one. *American journal of public health,* 10:334-7, April 1920.

Classification of diphtheria bacilli based on toluidin blue-iodine-method of staining. *American journal of public health,* 10:936-939, December 1920.

ALLEN, BUNDY

Removal of denticles. *American medical association, Journal,* 70:1224, April 27, 1918.

Sarcoma responding to roentgen therapy. *Journal of roentgenology,* 1:151, August 1918.

Epithelioma. *Journal of roentgenology,* 1:264, October 1918.

Mastoid stereoroentgenograms presenting variations. *American journal of roentgenology,* 6:385, August 1919.

ASHBAUGH, E. J.

Survey of the school buildings of Muscatine, Ia. *University of Iowa extension division, Bulletin,* 41, September 1, 1918.

Iowa spelling scale. *University of Iowa extension division, Bulletin,* 43, November 15, 1918.

Coöperative work from a university center. *National society for the study of education, Yearbook* 18, pt. 2:57-70, 1918.

Variability of children in spelling. *School and society,* 9:93-98, January 18, 1919.

———and Horn, E. Necessity of teaching derived forms in spelling. *Journal of educational psychology,* 10:143-152, March 1919.

Organization and function of a bureau of educational research. *School and society,* 9:577-584, May 17, 1919.

Educational service in Iowa. Some recent developments in spelling. Sixth conference on educational measurements. *Indiana university, Extension bulletin,* 5, No. 1:104-122, September 1919.

Iowa spelling scale. For grades II, III and IV. *University of Iowa extension division, Bulletin,* 53, September 1, 1919.

Iowa spelling scale. For grades IV, V and VI. *University of Iowa extension division, Bulletin,* 54, September 15, 1919.

Iowa spelling scale. For grades VI, VII and VIII. *University of Iowa extension division, Bulletin,* 55, October 1, 1919.

———and Horn, E. Horn-Ashbaugh spelling book. J. B. Lippincott Co., Phil., December 1920. 105-XXp.

BALDWIN, B. T.

Helping the wounded soldier to "come back." *Modern hospital,* 12:370-375, May 1919.

Occupational therapy applied to the restoration of function of disabled joints. Walter Reed monograph, 1919.

The function of psychology in the rehabilitation of disabled soldiers. *Psychological bulletin,* 16:267-290, 1919.

Iowa's research and welfare station for normal children. *Iowa alumnus,* 17:30-35, 1919.

Physical growth of school children. *University of Iowa, Extension bulletin,* No. 59, 1919.

Report of the department of occupation therapy. Walter Reed general hospital, 1919.

Studies in experimental education. *Johns Hopkins university, Studies in education,* No. 3, 1920.

Report of the committee of the American psychological association on qualifications and certification of consulting psychologists. 1920.

BENJAMIN, G. G.

Conventionality in history. *History teachers' magazine,* 9:190-192, April 1918.

German philosophy and education. *Syracusan,* 11:3, September 15, 1918.

Lessons for Americans from German economic development. *National efficiency quarterly,* 1:299-317, February 1919.

The development of industrial democracy. *Syracusan,* 12:3, January 15, 1920.

Labor and the war. Labor conditions in Great Britain during the war. *Organizer,* 1:3, April 1920.

Labor and the war. Labor conditions in France. *Organizer,* 1:4, May 1920.

American labor and the war. *Organizer,* June 1920.

BRIGGS, J. E.

William Peters Hepburn. State historical society of Iowa, Iowa City, Ia., 1919. 469p.

———and Upham, C. B. The legislation of the thirty-eighth general assembly of Iowa. *Iowa journal of history and politics,* 17:471-612, October 1919.

A geological palimpsest. *The Palimpsest,* 1:133-142, November 1920.

BRUMFIEL, D. M.

The influence of floods upon animals. *Iowa academy of science, Proceedings,* 25:155-174, 1918.

The animal ecology of Johnson County. *University of Iowa Studies in natural history,* Vol. 8, No. 1:1-37, 22pl. October 1918.

BUSH, S. H.

American soldiers in French universities. *Educational review,* 59:65-72, January 1920.

On the trail of Victory-La Division Marocaine Donne. *Iowa alumnus,* 17:290-298, March 1920.

Un détachement l'armée Américaine dans les Ecoles de Paris. *Revue internationale de l'enseignement, Paris,* 40:345-358, September 1920.

Byfield, A. H.

Systemic manifestations of chronic nasal sinus infection in childhood. *American medical association, Journal,* 71:511-514, August 17, 1918.

The relationship of respiratory infection to digestive disturbances in infants and children. *Iowa State medical society, Journal,* 8:385, November 1918.

———and others. The role of the antineuritic vitamin in the artificial feeding of children. *American journal of diseases of children,* 18:546-554, December 1919.

The etiology of arthritis deformans in children. *American journal of diseases of children,* 19:87-96, February 1920.

———and others. The antineuritic and growth stimulating properties of orange juice. *American journal of diseases of children,* 19:349-358, May 1920.

A polyneuritic syndrome resembling pellagra-acrodynia seen in very young children. *American journal of diseases of children,* 22:347-365, November 1920.

Calhoun, H. A.

Nonspecific therapy in arthritis and infections. *Archives of internal medicine,* 23:69-131, January 1919.

Presence of calcium in the red blood corpuscles of ox and man. *Journal of biological chemistry,* 37:505-509, April 1919.

Histopathology of the brain and spinal cord in a case presenting a post-influenzal lethargic encephalitis syndrome. *Archives of neurology and psychiatry,* 3:1-16, January 1920.

Résumé on the circulatory system. Review of the literature of 1917, 1918, and 1919. *American journal of diseases of children,* 19:62-85, January 1920.

Carver, George

About the sixth hour. *Reedy's mirror,* Vol. 29, No. 12.

Review of Conrad's The rescue. *South Atlantic quarterly,* 19:285-287, July 1920.

Chaney, R. W.

The ecological significance of the Eagle Creek flora of the Columbia River gorge. *Journal of geology,* 26:577-592, October-November 1918.

The flora of the Eagle Creek formation. *Contributions from Walker museum,* 2:115-181, 1919.

Chase, C. S.

———Dragstedt, C. A., Dragstedt, L. R., and McClintock, J. T. Antigenic property of closed intestinal loop fluid. *American journal of physiology,* 46:366-374, 1918.

———Dragstedt, L. R., Dragstedt, C. A., and McClintock, J. T. Extirpation of duodenum. *American journal of physiology,* 46:584-590, August 1918.

———Dragstedt, L. R., Dragstedt, C. A., and McClintock, J. T. Intestinal obstruction. II. A study of the factors involved in production and absorption of toxic materials from the intestines. *Journal of experimental medicine,* 30:109-121, August 1919.

Chittenden, E. W.

On the Heine-Borel property in the theory of abstract sets. *American mathematical society, Bulletin,* 25:60-64, November 1918.

On the limit functions of sequences of continuous functions converging relatively uniformly. *American mathematical society, Transactions,* 20:179-184, 1919.

On the theory of developments of an abstract class in relation to the calcul fonctionnel. *American mathematical society, Transactions,* 20:213-233, 1919.

Note on a generalization of a theorem of Baire. *American mathematical society, Bulletin,* 27:5-6, October 1920.

COOPER, Z. M.

Do you need a clerk? *Official register,* 6:3, March 1918.

The exception to the rule. *Official register,* 6:4, April 1918.

Have you thought of this. *Official register,* 6:3, May 1918.

Women should be urged to study pharmacy. *Druggists' circular,* 62:246-248, June 1918.

The menace of the "plugging" school. *American pharmaceutical association, Journal,* 7:847, October 1919. Also *Pacific pharmacist,* 12:168, November 1918.

Short term, correspondence, summer and other similar courses in pharmacy (Report of committee to investigate). *American pharmaceutical association, Journal,* 7:894-898, October 1918. Also *Pacific pharmacist,* 12:267-273, March 1919.

President's address to the women's section of the American pharmaceutical association. *American pharmaceutical association, Journal,* 8:305-309, April 1919.

Some contributions pharmacy has made to civilization. *American druggist and pharmaceutical record,* 67:202-207, June 1919; 67:251-257, July 1919. Also *Revista Americana de Farmacia, medicina, y hospitales,* 24:21-26, August 1919; 24:23-28, September 1919. Also *Midland druggist and pharmaceutical review,* 53:348-359, September 1919.

Drug formula bills are coming. *Northwestern druggist,* 27:427, December 1919.

Registered help profitable. *Official register,* 8:3, February 1920.

For the good of the public. *Official register,* 8:3, March 1920.

Drug addict—misuse of the term. *Northwestern druggist,* 28:94, August 1920.

Why the association. *Spatula,* 26:447-449, September 1920.

A sign of progress. *American druggist and pharmaceutical record,* 68:35, October 1920.

Synonyms of pharmaceuticals. *Spatula,* 27:7-9, October 1920.

Cram courses in pharmacy. *Druggists circular,* 64:401-403, November 1920.

Professional standards—clerk shortage. *Spatula,* 27:47-49, November 1920.

Women patrons. *Spatula,* 27:91-92, December 1920.

Patent medicines. *Spatula,* 27:92-93, December 1920.

CRAIG, HARDIN

The study of Americanization. *University of Iowa, Extension division, Bulletin,* No. 51, August 1, 1919.

Better English. *University of Iowa, Service bulletin,* Vol. 3, No. 47, November 22, 1919.

Some common errors in speech. *University of Iowa, Service bulletin,* Vol. 3, No. 48, November 29, 1919.

A literary revival. *Iowa alumnus,* 17:149-50, December 1919.

Book reviewing. *University of Iowa, Service bulletin,* Vol. 4, No. 7, February 14, 1920.

Minimum essentials of English composition. *University of Iowa, Extension division, Bulletin,* No. 68, July 15, 1920.

CROWELL, J. H.

———and Raiford, L. C. Some derivatives of p-Dichlorobenzene. *American chemical society, Journal,* 42:145-52, January 1920.

DANIELS, A. L.

———and Loughlin, Rosemary. Feeding experiments with peanuts. *Journal of biological chemisty,* 33:295-301, 1918.

———and Rich, J. K. The role of inorganic sulfates in nutrition. *Journal of biological chemistry,* 36:27-32, October 1918.

———and McClurg, N. I. Influence of high temperatures and dilute alka-

lies on the antineuritic properties of foods. *Journal of biological chemistry,* 37:201-213, January 1919.

———and English, H. A simple method of modifying the fat content of milk for infant feeding. *American journal of diseases of children,* 17:212-217, March 1919.

———Byfield, A. H. and Loughlin, R. The role of the antineuritic vitamin in the artificial feeding of children. *American journal of diseases of children,* 18:546-554, December 1919.

Iowa child welfare research station and department of pediatrics. Feeding the baby. *University of Iowa, Extension bulletin,* No. 65, May 1920. 16p.

———Byfield, A. H. and Loughlin, R. The antineuritic and growth stimulating properties of orange juice. *American journal of diseases of children,* 19:349-358, May 1920.

———and Loughlin, R. Note on the fat-soluble growth-promoting substance in lard and cottonseed oil. *Journal of biological chemistry,* 42:359-363, July 1920.

———and Loughlin, R. A deficiency in heat-treated milks. *Journal of biological chemistry,* 44:381-397, November 1920.

DEAN, L. W.

Cyst of the larynx. *Laryngoscope,* 28:74, February 1918.

Inflammation of accessory sinuses of nose. *Journal of the Iowa medical society,* 8:89, March 1918.

Paranasal sinuses infections in infants. *Annals of otology, rhinology and laryngology,* 27:534, June 1918.

Fibrosis of auditory canal. *Laryngoscope,* 29:365, June 1919.

Nasal sinus disease in infants and young children, including bacteriologic. *Annals of otology, rhinology and laryngology,* 28:452, June 1919.

Report of a case of suppurative labyrinthitis with complications. *Annals of otology, rhinology and laryngology,* 28:514, June 1919.

Proper procedure for external drainage of retropharyngeal abscess secondary to caries of vertebræ. *Annals of otology, rhinology and laryngology,* 28:566, June 1919.

Graduate teaching of otolaryngology. *American medical association, Journal,* 73:159, July 19, 1919.

Treatment of nasal accessory sinus disease in infants and young children. *Annals of otology, rhinology and laryngology,* 29:675, September 1920.

———and Armstrong, M. Occasional necessity of doing radical operations on paranasal sinuses in children with report of cases. *Annals of otology, rhinology and laryngology,* 29:675, September 1920.

DUNLAP, J. H.

The operation of sewage treatment plants in Iowa. *Iowa state medical society, Journal,* 8:121-125, April 1918.

Operation of sewage works in Iowa. *Iowa engineering society, Proceedings,* 1918; reprinted in *Municipal journal,* 44:255-257, 275-278, 297-298, March 30, April 6, April 13, 1918.

Suggestions on the designing and operation of sewage treatment plants (excerpts from above paper). *Engineering and contracting,* 49:357-9, April 10, 1918.

Small town sewage-works, operation problems analyzed (excerpts from above paper). *Engineering news-record,* 80:773-775, April 18, 1918.

Typical rules for the operation of small sewage-works (excerpts from above paper). *Engineering news-record,* 80:875, May 2, 1918.

Progress report of the committee on sanitary drinking fountains. *American water works association, Journal,* 5:110-114, June 1918.

Education for intelligent industrial production. *Engineering news-record,* 82:910, May 8, 1919.

How the engineers of Iowa got a registration law. *Engineering news-record,* 82:1073, May 29, 1919.

Common sense, science and drinking fountains. *American city,* 20:470-472, May 1919. Reprinted in *Literary digest,* 61:25, June 14, 1919.

How Vinton, Iowa, obtained a dual system of water supply. *Municipal and county engineering,* 56:232-233, June 1919.

More about drinking fountains. *Literary digest,* 62:84-86, August 16, 1919.

The new sewage treatment plant at Montezuma, Iowa. *Transit,* 23:7-23, June 1919. Reprinted in *Municipal and county engineering,* 57:218-222, November 1919.

The new hydraulic laboratory. *Iowa Alumnus,* 17:96, November 1919.

Final report of the committee on sanitary drinking fountains of the Iowa section of the American water works association. *American water works association, Journal,* 7:38-40, January 1920.

The new hydraulic laboratory. *Transit,* 24:28-42, June 1920.

Coöperation between Engineering societies and educators in standardizing engineering education. *Society for the promotion of engineering education, Proceedings,* 28:128-136, 1921; Reprinted in *Municipal and county engineering,* 59:59-60, August 1920. Also *Professional engineering,* 5:3-4, October 1920.

ENGLISH, H.

———and Daniels, A. L. A simple method of modifying the fat content of milk for infant feeding. *American journal of diseases of children,* 17:212-217, March 1919.

ENSIGN, F. C.

Parent-teacher association in Iowa. *University of Iowa extension division, Bulletin,* 42, September 15, 1918.

Some post-war problems in education. *Iowa state teachers association, Proceedings,* 65:53-65, November 1919.

GOODRICH, H. F.

Permanent structures and continuing injuries—The Iowa rule. *Iowa law bulletin,* 4:67-85, March 1918.

Iowa decisions on breach of marriage promise. *Iowa law bulletin,* 4:166-187, May 1918.

The statute of frauds and foreign contracts. *Iowa law bulletin,* 4:185-189, May 1918.
